DETAILED ACTION

1. Claims 1-36 and 55-61 are presented for examination.

Claims 37-54 have been withdrawn from further consideration.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/24/2008 has been entered.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-36 and 55-61 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1-4, 15, and 26, it is not clear that the step of querying, receiving, and generating and displaying are performed by/at which device/component. Examiner assumes those steps are performed at client. Also, the feature "based on the data indicating the plurality of functional areas supported by the router, determining

Art Unit: 2455

which user interface objects to generate and display" seems indefinite because it is not known how based on the data indicating the plurality of functional areas supported by the router, which user interface objects to generate and displayed is determined.

Examiner assumes this feature as defined in applicant's specification as "user interface objects corresponding to the functional areas supported by the router and for which the client and the router have compatible APIs are generated and displayed".

Allowable Subject Matter

5. Claims 1-4, 15, and 26 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to OANH DUONG whose telephone number is (571)272-3983. The examiner can normally be reached on Monday- Friday, 9:30PM - 6:00PM.
